

## 3 BECOME 4: NEW ROUTES IN 2025

As we will not be calling at Russia until further notice, it is necessary to completely redesign the routing of the HANSEATIC inspiration for the year 2025 from 9 June to 10 August 2025 (affected voyages are INS2508, INS2509 and INS2510). Instead of our originally planned three voyages to Kamchatka, the Aleutian Islands and Alaska, we have now developed four new itineraries for the above-mentioned period, which offer you diverse worlds of discovery in Japan, the Aleutian Islands and Alaska including the Inside Passage.

#### GOOD TO KNOW

The Inside Passage is a labyrinth of fjords and, due to its sheltered location, is not exposed to the rough seas of the Pacific. Nevertheless, it is a nautical challenge due to the often unpredictable weather, the large tidal range and the fast currents. The captain and crew, with their many years of Alaskan expertise, are just as much in their element here as the small and manoeuvrable HANSEATIC inspiration.
